

Thank you for considering becoming a small business mentor!

Through our combined efforts, we are building a strong support system for our growing entrepreneurship community here in the City of Maricopa.

The Mentorship Scope:

- Mentoring at least 3 small business owners**
- The monthly time commitment will be 4 hours of on site availability (twice in two hour blocks) OR 4 hours of remote availability per month (1 hour a week)**
- The mentorship sessions will be structured around a series of questions.**

After each session, the mentor will answer a debriefing questionnaire through our portal so we can capture and track our clients's advancements and successes.
